Connect My Unit

FREE CONNECTIONS | POWERED BY OLH

SIREG TENANTS

Need to reach your unit's owner?

For tenants affected by the end of SIREG's management of their unit.

It is understandable to be cautious about new rent instructions. We created **Connect My Unit** to help tenants and the owners of the same unit find one another, privately and for free.

ConnectMyUnit.ca

Type this address into your browser, or scan the website QR code below.

1. **Register your unit.** Choose **"I rent a unit"**. Enter your building and unit, then confirm your email using the code sent to you.
2. **Let us check for a connection.** When an owner and tenant register for the same unit, our team reviews the records. Your name and unit are not published.
3. **Connect privately, when you both agree.** After verification and agreement from both people, selected contact details are shared privately. A match needs the other person to register too.

WE CONNECT PEOPLE. WE DO NOT HANDLE RENT.
Connect My Unit does not collect, hold or transfer rent and does not ask for payment, credit-card details or bank details. You do not need to hire OLH to use it.

Before changing where you pay rent: independently confirm the owner's identity or the manager's authority and get written payment instructions. A website match or Facebook message alone is not authority to collect rent. This flyer does not change your lease or tell you to stop paying rent.
